## HYDROALCOHOLIC SOLUTION HAND SOLUTION

External use solution for clean and healthy skin at any time. Especially suitable for application on hands without the need to rinse later with water. Formulated in a hydroalcoholic medium. Maintains the natural freshness of the skin. Instant drying. 75% alcohol v/v and vegetable glycerin of the highest quality. CPNP 3330487. Ingredients: isopropyl alcohol, aqua, glycerin, hydroxyethyl ethylcellulose, benzalkonium chloride, ppg-2 methyl ether.

### Mode of use

Put a small amount of the product (minimum 3ml) on the hands and rub for 30 seconds, including the back, the fingers and the areas between the fingers, until the product is completely absorbed. Do not rinse with water. It is recommended to use on clean and dry skin, never on wounds. Precautions: flammable. External use. Keep away from children. Avoid contact with the eyes. Discontinue use if any sign of sensitization to any of its components appears. Use preferably before the end of: see label or container.
